Comment Text :

- 1 -f>It is the opinion of the Mendocino Environmental Center that  
2 shipping nuclear waste to Yucca Mountain on the Shoshone  
3 Reservaton is illegal under the Nuclear Waste Policy Act,  
4 immoral because of the effect on the Shoshone Native people,  
and irresponsible in that it is less safe than an above ground  
repository. We recommend keeping the waste on site where it  
was produced in above ground Monitered Retrievable Storage.
